What Queensland Government Funding Programs are available?

Students pay a co-contribution fee as specified by the training organisation, and the rest of the tuition fee is covered by the funding program. The fee may be paid on behalf of the student by their employer or another third party, such as parents, but cannot be paid by the training provider. Students can only access a subsidy once so they should be aware that they will no longer be eligible for a government-subsidised training place under a program once they complete the qualification level targeted through a program.

Jigsaw is a pre-qualified supplier (PQS) for the delivery of courses under the following Queensland Government funding program
